DECLARATION OF COMPLIANCE

RoHS Directive 2011/65/EU and its amendment 2015/863/EU

In accordance with nVent’s ESG commitments and RoHS Directive 2011/65/EU and its amendment 2015/863/EU, we continuously strive to deliver products and services that reduce environmental and health and safety impacts when used for their intended purpose and in accordance with the performance conditions stated in our product documentation.

nVent declares to the best of our knowledge, based on supplier responses or our own due diligence, that our products are manufactured in compliance with the latest version of the RoHS Directive 2011/65/EU and its amendment 2015/863/EU (RoHS Guide). Any restricted substances above the homogeneous material concentrations contained within nVent Hoffman products are set out in the attached table.

Because we know directives, standards and available information continues to evolve, nVent closely monitors, investigates, communicates and exercises due diligence within our supply chain to ensure we continue to meet our obligations under the RoHS Directive. In the event that nVent becomes aware of the presence of any restricted substances, whether through investigation, testing, or notification from a supplier, we will promptly notify appropriate authorities under the directive and amend the attached table to reflect the same.

Regards,

Tom Hurney
Director, Enterprise Product Compliance & Approvals

Date: Jan. 1st, 2023
nVent has identified the following products/articles that either contain a restricted substance, per Directive 2011/65/EU and its amendment 2015/863/EU, above the homogeneous material concentration, or have a related exemption. This table will be updated as new information warrants.
