PENTAIR TO SHOWCASE ERICO, ERIFLEX, HOFFMAN AND STEINHAUER PRODUCTS AT HANNOVER MESSE 2017

Straubenhardt - Pentair, a leader in electronics, communications, electrical, and controls protection technologies, will exhibit products and capabilities from four of its product brands at HANNOVER MESSE in Hannover, Germany from April 24-28. HANNOVER MESSE is the world's leading trade fair for industrial technology that highlights innovative solutions in core sectors ranging from industrial automation to IT to production engineering services.

Pentair's advanced products, combined with its engineering design services, procurement, fabrication, site and post-installation services, offer customers an integrated solution that is strategically planned and executed for optimum performance. Pentair will be exhibiting in Hall 11, Stand E25, featuring the following product brands and capabilities:

- Pentair ERICO SYSTEM 1000 & ERICO SYSTEM 3000: Technically advanced lightning protection systems allowing optimum performance, flexibility of design, and overall cost-effective installation. For further information visit: www.ericopentair.com.
- Pentair ERIFLEX FLEXIBAR ADVANCED: Debuting the new insulation line of flexible busbar wire replacement solution for low voltage applications requiring a halogen-free, low smoke and flame retardant solution. This unique combination improves safety without compromising the power conduction and the superior flexibility and quality of ERIFLEX FLEXIBAR. For further information visit: www.ericopentair.com.
- Pentair Hoffman PROLINE G2: This innovative modular solution is designed to be stronger, faster and easier. With a hybrid frame, it is designed to remain square under the heavy loads of industrial applications, while being faster to load and easier to assemble. For further information visit: www.pentairprotect.com.

Pentair Contact:

Pentair Technical Solutions GmbH, Gwenaële Kellner, 75334 Straubenhardt, Germany, Phone: +49 70 82 794-346, Fax: +49 70 82 794-679, Gwenaële.kellner@pentair.com, www.pentairprotect.com

- Pentair Steinhauer ModCenter: The most versatile automated modification solution on the market today. With state-of-the art design and controls, the Steinhauer ModCenter, recently integrated into Pentair Hoffman product line, is known for its ease of use, best-in-class cutting speeds, repeated precision and enclosure size handling capacity. For further information visit: www.steinhauerna.com.

Each year HANNOVER MESSE welcomes more than 6,500 international exhibitors with roughly 190,000 visitors and hosts more than 1,700 lectures and panels. It is a major meeting point for the key drivers of technology and innovation for tomorrow's world.

HANNOVER MESSE offers attendees an opportunity to sign up for themed guided tours in groups of 25 which provides access to informative, comprehensive and engaging demonstrations without having to pre-arrange appointments or wait in line. Pentair is one of this year's selected exhibitors in the Industrial Automation & IT guided tour track. This tour gives a captivating and transparent overview of today's advanced factory technologies and associated software solutions and show you the vital importance of seamless data flows, from the initial product idea and the associated planning and engineering processes, right through to production and after-sales service. For additional information on the show or to sign up for a guided tour, please visit: <http://www.hannovermesse.de/home>.

About Pentair Electrical

Pentair Electrical is a leading global supplier of systems and solutions that safeguard industrial controls, electrical components, communications hardware, electronic devices, and electrical cooling systems. Its premier brands CADDY, ERICO, Hoffman, LENTON, Raychem, Schroff, and Tracer provide a comprehensive range of standard, modified, and custom-engineered solutions for the energy, industrial, infrastructure, commercial, communications, medical, security, and defense markets.

The Hoffman brand is a leading designer and manufacturer of systems that safely and reliably protect the electronic controls and mission critical electrical systems in industrial, data communications, commercial construction and government applications. For more information, visit www.pentairprotect.com. For more information on Steinhauer, visit www.steinhauerna.com.

About Pentair plc

Pentair plc (www.pentair.com) provides leading products, services and solutions industry-wide for the many different requirements of its customers in the fields of water and other fluids, thermal management and equipment protection. With 2016 revenues of \$4.9 billion, Pentair employs approximately 26,000 people worldwide.

All Pentair brands and logos are the property of Pentair or its affiliated companies worldwide. Pentair reserves the right to change information without prior notification.
