Pentair to Highlight Integrated Electrical Solutions at 2018 Middle East Electricity Exhibit

Live Demos Offered of ERICO CADWELD EXOLON and Hoffman Remote Access Control for Panel Cooling

DUBAI, United Arab Emirates – February 28, 2018 – Pentair will feature integrated electrical solutions during the 2018 Middle East Electricity (MEE) exhibit. MEE will be held March 6-8, 2018 at the Dubai World Trade Center. Attendees will experience live demonstrations and gain useful tips from Pentair's product trainers. Featured brands include:

- **CADDY:** Fixing, fastening and support products for use in electrical installation, datacom, telecom, fire protection, seismic and HVAC applications. For further information, visit www.erico.com/caddy.asp.
- **ERICO:** Grounding, bonding and lightning protection solutions for electrical installation and protection, datacom, telecom, utility and industrial facilities, and railroad and transit applications. For further information, visit www.erico.com/erico.asp.
- **ERIFLEX:** Engineered solutions for low-voltage and grounding connections for industrial and commercial enclosures, automotive, transportation, machinery, oil and gas, chemical, defense, aerospace, and food and beverage applications. For further information, visit www.erico.com/eriflex.asp.
- **Hoffman:** Manufactured systems to protect electronic controls and critical electrical systems in industrial, datacom, commercial construction, and government applications. For further information, visit www.pentairprotect.com/hoffman.

The Pentair team will demonstrate featured products such as ERICO CADWELD EXOLON reduced-emission molds and Hoffman's Cooling Remote Access Control, which allows users to monitor and manage thermal management devices from any location. Additionally visitors will learn best practices for performing thermal audits.

Hosted by the UAE Ministry of Energy, MEE is one of the world's largest exhibits for the power, electrical and energy industries, welcoming more than 1,600 international exhibiting companies and over 21,000 senior level industry decision makers from 131 countries across the Middle East and North Africa region and the rest of the world.
